

Dietary Supplement CMO and OLD Services

Specializing in FDA Regulatory Matters

EAS Consulting Group

A Certified Group Company

Contract Manufacturing Organizations (CMOs) and Own Label Distributors (OLD) of dietary supplement products have a unique set of challenges. From supply chain, manufacturing and packaging and contract partners, to storage and distribution requirements, product claims and more, EAS Consulting Group provides comprehensive consulting, training and auditing services to the dietary supplement retail industry.

EAS understands the unique and complex challenges facing Contract Manufacturers Organizations and Own Label Distributors. As part of the Certified Group and FSNS group of companies, we are the global leader in testing and regulatory solutions for the FDA and USDA regulated industries.

Our team includes former State regulatory officials, FDA and USDA officials and industry experts, many of whom have more than 30 years of food, dietary supplement, and pharmaceutical OTC experience.
