

Pet Food Services

Specializing in FDA Regulatory Matters

EAS Consulting Group

A Certified Group Company

The Pet Food industry is charged with safe keeping of our companion animal's food supply. Meeting FDA's strict requirements under the Food Safety Modernization Act (FSMA), and all aspects of the Preventive Controls for Animal Foods (PCAF) is just the beginning for this highly regulated industry.

EAS offers expert consulting services, specific to Pet Food manufacturers and contract manufacturers. Our highly skilled independent consultants provide a seamless approach to the development of Good Manufacturing Practices (GMPs) under FSMA, evaluation of labels, and marketing and claims statements. Our toxicologists assess new ingredients and prepare FDA submissions including GRAS, Food Additive Petitions and submissions for pet food packaging.

Choose EAS for:

- ✓ FSMA Preventive Controls
- ✓ Risk-based Hazard Analysis
- ✓ Verification of Supply Chain Management Program (FDA and USDA)
- ✓ Building or Updating FDA Compliant Food Safety Plans
- ✓ Ingredient Assessments
- ✓ Submissions for GRAS and Food Additives
- ✓ Product Labeling and Claims
- ✓ FSVP Program Requirements
- ✓ FSVP Qualified Individual Responsibilities & Training
- ✓ Traceability and Recall Assessment
- ✓ Sanitary Transportation
- ✓ State Registrations
- ✓ GFSI and Other 3rd Party Audit Preparation
- ✓ FDA Mock Audit
